

Help evolve the design for a NEW Steveston Community Centre

The City of Richmond is developing the concept design for a new community centre and library in Steveston and we're excited to share the work that's been done to date. Join us at the Town Hall where we will present a summary of the input gathered through the first phase of the public engagement process, as well as the proposed room types and spaces that have been developed to meet community needs.

Two ways to provide input:

1 Drop in to the Town Hall

Saturday, April 21, 2018

12:00 – 3:00 p.m.

Presentation by project architect:

1:30 – 1:45 p.m.

Steveston Community Centre

Multipurpose Room

4111 Moncton Street

2 Visit LetsTalkRichmond.ca

April 13 – 22, 2018

Review background materials and

complete a feedback form at

LetsTalkRichmond.ca

Check out www.richmond.ca/steveston for information about the Steveston Community Centre Concept Design process and additional opportunities to provide input in the coming months as the project progresses.

We look forward to hearing from you!
