COMMUNITY UPDATES

Message from our PAC Chairperson

I had the privilege of being Westwind's PAC chair for the last two years, and it's a role that I hope I was able to do justice. Working to make connections, lend a listening ear, give a helping hand, and sign more cheques than I had ever done in my life to this point, the chair position's lasting impression on me is the friendships and relationships I have been able to build in the process. We all have the same goal of seeing our children, our school, and our community grow and thrive. It's an honour to see that goal being realized every school year.

It's vitally important that folks know how much time and effort goes into all of the PAC events and initiatives; behind the scenes, dozens of families volunteer their time to make Westwind one of the best places to live and learn. We still need the support of parents to make sure all of the amazing things that happen at this school can continue. Even an hour a week or a month can add up to a meaningful outcome for the PAC and for our kids. To that end, you'll still see me around PAC events like snack days for many more years to come. I started at Westwind when I was 7, and I might not be done here until after I turn 47. And I wouldn't have it any other way.

To Pak and Zach, thank you for taking on this crucial role. The PAC is in incredibly capable hands. To all the Westwind parents and school staff, thank you for always making me feel welcome. I was just happy to keep the seat warm for a while.

Wishing you all a great summer!

WESTWIND PAC

COMMUNITY UPDATES

WHAT DID THE PAC DO THIS YEAR?

Thank you to all our committee leaders, parent volunteers and westwind parents! Through your time, effort and participation we were able to raise over \$45K.

This helped the school with the Grade 6/7 camp, ipads, outdoor improvements and subsidize classroom field trips and programs! A portion of this will be allocated towards future playground upgrades.

Not to mention all the community events we also held! Raised over \$2K for richmond family place families, numerous family hangouts to build the westwind community & a fun numeracy night for parents to learn how their kids learn!
