Request from Administration -

PAC received a request from Admin to purchase Gym Mats at the last PAC Meeting - quotes \$8600

(31 mats and velcro) These mats will cover three of the gym walls hanging on a velcro strip. The purpose is for safety and to free up space in the equipment storage room. The mats that we currently have are very dated and have rips/tears. These new mats will be easily accessible and can be taken off the wall to cover the floor during assemblies, movie nights as well as used for class gym time.

*We will be voting on this request during this meeting.

6. Committee Reports - We are giving two minutes as a guideline for these updates in order to keep the meetings running on time.
